### Easy-To-Build Courses & Assessments

You have the full flexibility to build out your courses with dynamic multimedia content and create structure with chapters and modules. Plus, you can create assessments to test concept mastery, which is a proven way to increase retention of knowledge and make your content more valuable.

### Insightful Analytics

High-level dashboard insights and detailed reporting options let you quickly understand course adoption, completion and learner progress. You can even set up automations to have reports emailed to you on a set schedule.

# What Can You Do With Classroom?

- ✓ Utilize convenient single sign-on with MC Professional for a streamlined member login experience.
- ✓ Reduce duplication of effort and manual entry - MC Professional seamlessly passes profile data and group information to Classroom, and Classroom passes earned CEU info back to the member record in MC Professional.
- ✓ Increase the value of your association's membership by offering members-only content.
- ✓ Maintain constant visibility into course packages, users and overall course completion with the admin dashboard.
- ✓ Pull reports at the user or course level to track course completion, assessment results, certificates earned and more.
- ✓ Manage, organize and safely store your documents and videos.
- ✓ Host on-demand webinars so your audience can view meaningful content on their own schedule.
